Celebrating our 21st Year !

For Campers Ages 10-14

In its 21st year, MSSM Summer Camp is excited to encourage campers to pursue their passion for science, technology, engineering, and mathematics. Campers become scientist, computer programmers, engineers, and mathematicians for a week through hands-on, interactive classes. Camp is a great place to meet friends who also enjoy science as well as enjoy the fun of a traditional summer camp.

Camp Activities

In addition to excellent classes, campers will also have the opportunity to participate in a variety of activities in the afternoons. These include camp classics like slip n' slide, capture the flag, swimming, NERF wars, duct-tape art, and rock climbing. We also have a program each evening including Family Olympics, "Monster Night", and a camp Talent Show.

The camp is in beautiful Limestone, Maine at the Maine School of Science and Mathematics

Campers ages 11, 12, 13, & 14 can stay for 2 weeks.

The cost for the overnight camp is \$750 and includes room, board, and all expenses for classes. There is an option to attend as a day camper for \$450.

Classes

Each year, the MSSM Summer Camp offers a variety of hands-on camp standards like "Astronomy Mystery Tour", "Real Life CSI", "Chemistry: Mixing Magic", "Computer Programming", "Robotics" and "Engineering Explorations". The course offerings vary each year based on instructors' interest and talents. They are announced in early spring on our website. Campers get to select their top course choices.

Financial Aid is available for those who qualify.

A camp chaperoned school bus travels along Route 95 stopping at designated spots between Limestone and South Portland for each camp session. Space is limited and there is a \$25 fee for this service each way.
